I'm leaning towards yes, reimbursable, but let's see what Lisa Dodson says from our FEMA Finance Center. For documentation purposes we will need the 40-1 approved by logistics

because you never know what we might have in our inventory;)

Thank you Steve!

So.....

Part of our orphan container recovery is obviously retrieving hazardous materials containers in lakes and ponds...

The Harris County Fire Marshal's office (hazmat) has been supporting our activities and they lent our teams some very nice radios to use while on the water...

While debarking off one on the boats, one of the radios decided to jump ship and go diving... It did not end well...

We are going to replace the radio...

Is this reimbursable under our Mission Assignment ?? Do we need to get an approval from the JFO Logistics program...

So we are not buying the radio for ourselves... it is to replace the one the County provided to us... Thanks...

# With Regards, Steve
